SUMMARY

Motivated and reliable Software Engineer, and sound problem-solver. Passionate about creating intuitive interfaces, tackling challenges, and finding solutions. Seeking a new role to drive business success through software solutions.

SKILLS

Communication, Collaboration, Agile SDLC, Prioritization, Interpersonal Skills, Strategic Thinking, Problem-solving, Analytical Skills, Adaptability, Data Analysis-Extraction, Concise-Decision-making

TECH STACK INCLUDE: *Javascript, React, TailwindCSS, Node.js, Express, PostgreSQL, SQL, Bootstrap, Python, RESTful API, JSON, EJS, MongoDB, Django, Next.js, Firebase*

TOOLS INCLUDE: *Git, Github, VsCode, Figma, Salesforce—CRM, Adobe Suite*

PROFESSIONAL EXPERIENCE

BASK or ELSE   **Remote**
Junior Software Developer   *November 2023 – June 2024*

- Managed component state in React applications, ensuring seamless functionality and user experience
- Effectively used debugging methods and tools to diagnose and solve bugs in the code-base
- Contributed to system design by architecting scalable components, implementing best practices for maintainability

GEICO   **Hybrid**
IT Support Specialist   *January 2022 – January 2023*

- Managed 50+ technical support requests weekly, resolving hardware, software, and network issues swiftly
- Administered ticketing system including BMC remedy, prioritizing, and documenting 100+ support requests
- Coordinated with cross-functional teams to deploy McAfee software updates, ensuring system compliance
- Completed IT requests guaranteeing timely resolution and adherence to service level agreements (SLAs)

Personal Lines Underwriter   *April 2015 – December 2022*

- Managed a Personal lines book of business including Auto, Home, Dwelling Fire, and Umbrella lines
- Reviewed photo inspections to determine conditions of dwellings and reconciled costs to insure the property
- Evaluated and employed underwriting discretion to accept, modify, or reject changes in new business applications
- Applied analysis of catastrophe hazard models to review risks resulting in a reduction in corporate CAT exposure

TECHNICAL PROJECTS

SynergyConnect   **Remote**
Full Stack – Software Engineer   *June 2023 – July 2023*

- Expanded technical skills beyond the curriculum using TailwindCSS for mobile app development
- Utilized PostgreSQL, designing models and entities to support user authentication and database management
- Successfully integrated Socket.IO and Jitsi API to provide users with a vibrant centralized communication space

AILearnLab   **Remote**
Full Stack – Software Engineer   *March 2024 – May 2024*

- Developed an AI-driven project using Next.js, Firebase, and Tailwind CSS
- Implemented built-in lesson plans and goal-setting features, boosting platform engagement and usability
- Integrated the OpenAI API to simplify complex learning into actionable lesson plans

Yard Gems   **New York, NY**
Full Stack – Software Engineer   *August 2024 – September 2024*

- Integrated Google Maps API to dynamically display yard sale locations with interactive pins
- Implemented role-based authentication for buyers and sellers using Express and MongoDB
- Designed RESTful HTTP API and CRUD feature for yard sale setup, enabling users to place pins globally

EnrollMate   **New York, NY**
Full Stack – Software Engineer   *August 2024 – September 2024*

- Built a full-stack course enrollment application using React, Django, and REST APIs
- Developed API endpoints to support seamless CRUD operations for course enrollment and user authentication
- Seed database with data using SQL, enabling integration and functionality across the platform's CRUD operations

EDUCATION

General Assembly   **New York, NY**
In-Person, Software Engineering Boot Camp — Software Engineering Certificate

Full Stack Academy   **Remote**
Full Stack Web Development Immersive — Software Engineering Certificate

The Collage at Brockport State University of New York   **Brockport, NY**
Bachelor of Science in Sports Management

VOLUNTEER EXPERIENCE

My Brother's Keeper

- *Mentored youth as a Big Brother, fostering personal growth, academic achievement, and community engagement*
