SUMMARY

Highly motivated and reliable Full-Stack software engineer specializing in PERN. Strong emphasis on front-end development, passionate about creating intuitive interfaces. Also, proficient in providing technical support for hardware, software, and network issues. Seeking a new role to drive business success through software solutions.

SKILLS

Communication, Strategic Thinking, Problem-solving, Market Research, Analytical Skills, Adaptability, Data analysis-Extraction, Marketing Skills, Negotiation Skills, Collaboration, Agile SDLC, Prioritization, User Experience

TECHNOLOGIES

Tech Stack includes: *Javascript, React, TailwindCSS, Node.js, Express, PostgreSQL, SQL, Bootstrap, Material UI, Vite, Socket.IO, Firebase, Python, Next.js, OpenAI API, REST API, JSON, E-commerce*

Tools includes: *Git, Github, Figma, Excalidraw, Jira, Salesforce—CRM, Testing & Debugging, Adobe Suite*

PROFESSIONAL EXPERIENCE

Bask   **Remote**
Junior Software Developer   *November 2023 – March 2024*
- Managed component state in React applications, ensuring seamless functionality and user experience
- Effectively used debugging methods and code reviews to diagnose and solve bugs in the code-base
- Executed React best practices to optimize website functionality, resulting in a 20% boost in user engagement

GEICO   **Hybrid**
IT Support Specialist   *June 2022 – January 2023*
- Managed 50+ technical support requests weekly, resolving hardware, software, and network issues swiftly
- Administered a ticketing system including BMC remedy, prioritizing/documenting 100+ support requests
- Coordinated with cross-functional teams to deploy McAfee software updates, ensuring system compliance
- Completed IT requests guaranteeing timely resolution and adherence to service level agreements (SLAs)

Personal Lines Underwriter   *April 2015 – May 2022*
- Managed a Personal lines book of business including Auto, Home, Dwelling Fire, and Umbrella lines
- Issued New Business, Renewals, Non-Renewals Notices, Notice of Cancellations, and Conditional Renewals
- Reviewed photo inspections of homes to determine the condition of dwellings and reconciled the replacement cost to most accurately insure the property
- Evaluated and employed appropriate underwriting discretion to accept, modify, or reject changes and new business applications using specific parameters and guidelines within my assigned authority
- Applied data analysis of catastrophe hazard modeling to evaluate emerging risks and individual risk assessments resulting in a reduction in corporate CAT exposure

TECHNICAL PROJECTS

SynergyConnect   **Remote**
Authentication & Tailwind CSS – Software Engineer   *June 2023 – July 2023*
- Expanded technical skills beyond the curriculum using TailwindCSS for mobile app development
- Designed and applied a visually captivating and intuitively seamless user interface, refining user experience
- Successfully integrated Socket.IO and Jitsi API to provide users with a vibrant centralized communication space, fostering a thriving synergistic community

PersonalPortfolio   **Remote**
Founder – Software Developer   *August 2023 – September 2023*
- Engineered a portfolio website with Vite.js for accelerated build speed, optimizing development workflow
- Integrated React for dynamic content rendering and enabled React Router for fluid navigation with efficient client-side routing and minimal page reloads
- Utilized Tailwind CSS to streamline styling, delivering a visually appealing and responsive platform

AILearnLab   **Remote**
Full Stack – Software Engineer   *March 2024 – Present*
- Developed an AI-driven project using Next.js, Firebase, and Tailwind CSS
- Implemented built-in lesson plans and goal-setting features, boosting platform engagement and usability
- Utilized version control, ensuring smooth collaboration and efficient updates

EDUCATION

Full Stack Academy Web Development Bootcamp
Full Stack JavaScript Web Development Immersive — Software Engineering Certificate

The Collage at Brockport State University of New York
Bachelor of Science in Sports Management, Minor in Information Technology
